

Bow

Kasabian

What is this?
If it ain't love, then it's over
Understand me when I tell you
That we just can't keep on holding onto this
And all your friends
They're all saying that I'm no good
Are you kidding?
This is mental
'Cause you know what we had was broken from the start And we're just standing here
I'm doubled-up with fear
The hardest worlds will try
But this love has got to stop Take a bow and say goodbye
Let the hours pass on by
You get to feel so high
It's over
It's all over now What is this?
If it ain't love, then it's over
Understand that nothing lasts forever Now I say to you
It's not a silent scene
We just can't carry on
And in the morning, I'll be gone Take a bow and say goodbye
Let the hours pass on by
You get to feel so high
It's all over
It's all over now
Take a bow and close your eyes
For a moment fantasize
Now you get to feel like
Get to feel like
It's all over now You tell me that I'm free
So I can't see nowhere
No more tears, this is the end
The final curtain call Take a bow and close your eyes
For a moment fantasize
Now you get to feel like
Get to feel like
It's all over now
It's all over now
It's all over now
