

# Winner Time (feat. Post Malone)

## Saucelord Rich

[Hook: SauceLordRich]

Sun roof down in the winner time

I'm that cold, freeze night

Sun roof down in the winner time

I'm that cold, freeze night[Post-Hook: Post Malone & SauceLordRich]

I don't wanna run, run no more, this shit, no

In the winner time

These alien eyes be keepin' me high

In the winner time

In the winner time

In the winner time

I ain't never come down

[Verse: 1: SauceLordRich]

Cold enough to turn all of the haters to believers

Colder than that surgeon table when you get procedure

Colder than that street I grew up on, I'm 32 below

Colder than a New York City street night, I ain't just say no more

Cold just like Don Juan, I think I'm Don too

I'mma make you do it for everybody that's what I'mma do

Plus I'm cold like a ceiling the Vatican the roof

All my dogs, they soo cold got chinchillas by the groups

By the dozen make 'em dirty, say they colder than me

I'm soo cold, damn that's shivery, might die in my sleep

Damn near high as can be, jack frost my weed

Now I'm breakin' down the ice, cause I want slush in my lean

Wu Tang with the 'Preme, ice cold to the ring

Like you got a cold case and I ain't sayin' a thing

Talkin' 'bout a cold case gettin' drunk in the (?)

Plus I'm colder than that karma you might bring, before then I'm a saint[Hook: SauceLordRich]

Sun roof down in the winner time

I'm that cold, freeze night

Sun roof down in the winner time

I'm that cold, freeze night[Post-Hook: Post Malone & SauceLordRich]

I don't wanna run, run no more, this shit, no

In the winner time

These alien eyes be keepin' me high

In the winner time

In the winner time

In the winner time

I ain't never come down[Verse 2: SauceLordRich]  
Sauce yeah I'm Nicolas Cage with the actin'  
Also I'm Johnny fuckin' Cage with the action  
King both, A\$AP Rocky with the fashion  
And we gon' fuck your lady ASAP yeah I'm braggin'  
I'm magic with the passes, your lady give me passes  
She wanna see my show sorry, didn't get a passive  
Passes on the account that she average  
But she here today me and Ryan like we laughin'  
Backin' know that shit get tragic  
When you think you callin' I could frost you, what happened?  
Cold like the cone on Gucci face  
And I'm cold like Steven Seagal when he got bones to break  
Got a bone to pick with rappin'  
Say they really they out here doin' it  
What you doin' with your rappin?  
How you captain, does everybody need it?  
I know one thing with my team, I know everybody eatin' hold up[Hook: SauceLordRich]  
Sun roof down in the winner time  
I'm that cold, freeze night  
Sun roof down in the winner time  
I'm that cold, freeze night[Post-Hook: Post Malone & SauceLordRich]  
I don't wanna run, run no more, this shit, no  
In the winner time  
These alien eyes be keepin' me high  
In the winner time  
In the winner time  
In the winner time  
I ain't never come down
