

# Weatherman

## Doll Skin

Skin soft as learner,  
I'm the weatherman.  
There's no one else as dedicated,  
I'm the weatherman.  
Well hey kid,  
You got the right, you got the choice to kill  
No Son of Sam will let you in  
To turn against. Addicted to the love of ourselves,  
I'm the weatherman  
And tell no one else,  
I'm the weatherman  
So go for the kill  
Cuz no one else cares  
Go for the kill, go for the kill x4  
His skin was soft as leather,  
I'm the weatherman.  
There's no one else worth the dedication,  
I'm the weatherman.  
Well hey kid, you got the heart, without the ache.  
Pretentious thieves have you believe  
It's theirs to take. Addicted to the love of ourselves,  
I'm the weatherman  
And tell no one else,  
I'm the weatherman  
So go for the kill  
Cuz no one else cares  
Go for the kill, go for the kill x4  
For here's the history, we make  
For the luck, of our, fathers  
(If I could be anywhere I wouldn't be here)  
No future, or goodnight  
(If I could be anywhere)  
No future, fans!  
(If I could be anywhere, anywhere) I sing for the melody, and I sing for a reason, and I sing as the neglect, for all  
that unamerican... So go for the kill  
Cuz no one else cares  
Go for the kill, go for the kill x3  
Go for the kill!  
Go for the kill!

Go! For! The kill.
