Angels

Crass

The Angels are on T.V. tonight
Grey puke, celluloid shit
The army have sent a mission to Ireland
Just to see to it
Kojack is on the streets again
Grey puke, fucking shit
The army say the seek peace in Ireland
And they'll see to it
Chorus That they keep in line, horizontal hold
Keep in line, vertical hold
Keep in line, brightness
Keep in line, contrast
Keep in line, VISION ON
Coronation Street is on twice a week
Grey puke, fucking shit
The army say they seek peace in Ireland
And they'll see to it
The army are on the news report
REAL WAR. BULLETS. DEATH
They're beating fuck out of someone they caught
Just to see to it
Chorus (VISION OFF)
