Torture Killer

Six Feet Under

Advisory - the following lyrics contain explicit language:

Carving up your flesh
Until I get to the bone
Murder all I can
True death still lives onOpen wounds in sickly skin
Gangrenous infected dead
I'll tear you up
And fuck the holes I cut into youMurderer, I rape the dead, torture killerCrushing bone and skin
As I break a hole through your cranium
Mutilated death
Piles of decayed victims brutalizedTorturing the human flesh
Sadistically perverse necrophile
Terrified you live to die
To rot dead in a shallow graveMurderer, I rape the dead, torture killer
Murderer, I rape the dead, torture killerCarving up your flesh
Until I get to the bone
Murder all I can
True death still lives onOpen wounds in sickly skin
Gangrenous infected dead
I'll tear you up
And fuck the holes I cut into youMurderer, I rape the dead
One sick fuck, torture killer
