

First Day of School

Todrick Hall

Verse

Wake up

It's only six am

Let the next chapter begin

'cause I'm ready for a new day

Dress to impress

With my Monday primp

I feel a spark within

And I'm happy as a blue jayPre- Chorus

Birds singing in a tree

They're singing just for me

A lovely melody

Woah oh oh oh woah

They saying Stephanie

We know that you must be

So freaking stoked to see

The first day of schoolChorus

It couldn't get much better

Goodbye to summer weather

So glad were back together

Woah oh oh oh oh oh oh

Idk why were happy

Our face is full of happy

This stupid is song is crappy
