

# Failed

## Dez Williams

Now you're gone, and I don't know why  
You removed yourself in the blink of an eye  
When the seasons change, all you can do is cry

Now you're gone, and I don't know why  
Maybe I failed, maybe I failed

[Whats it like where you are?]  
The way you were I loved you  
[Whats it like to fall that far?]  
The way you were
