

Poison Whiskey

[Lynyrd Skynyrd](#)

Daddy was a Cajun, raised on Southern land
And so my kinfolks tell me, was a street-fightin' man
Well, they rushed him down to see the doctor
"Hey doctor, just check his head?" The only thing that was wrong with him
Was Johnny Walker's Red
He drank ole poison whiskey
'Til it killed him dead, oh yeah It happened back in the bayou many years ago
Satan came to take him and he did it real slow
Well, they rushed him back to see the doctor
Well, the doctor just shook his head Twenty years of rotgut whiskey
Done killed the poor man dead
He drank ole poison whiskey
'Til it killed him dead Take a tip from me, people, brothers, can't you see
Ain't no future in ole poison whiskey
They're gonna rush you down to see the doctor
Well, the doctor's gonna shake his head The only thing he's gonna tell you, baby
Stop drinkin' Johnny Walker's Red
Don't drink poison whiskey
Don't you drink it boy
