

# Rise (Like a Thousand Suns)

## Tom & Jame

riiise  
like a thousand sun

we will rise  
that we will rise

there a shadows in the hide  
sleeping dragon in our lung  
all we need was a spark  
yeaahhh  
like a thousand sun

we will rise again  
we will win against the eyes  
like a thousand sun

we will always burn  
we will never turn dark  
like a thousand sun

we will rise  
we will riise

like a thousand sun
