

Emeralds Shatter

Louise Burns

In the event there's something should happen
Take my words you know that it doesn't matter
 No, it doesn't matter
 A shadow face eventually fall
A promise for good but nothing booked that intensions
 But that doesn't matter
 Head in the clouds
 Watching you fall
 Asking me "what am I doing here at all?"
 Eyes on the sun, eventually fall
 Tell me now "what am I doing here at all?"
 You go out on a friday night
 Dancing to young to those irrevlevant lights
 Cause it doesn't matter
 And you got friends all around the world
 They take your advice
 They keep you close forever
 Cause it doesnt matter
 Head in the clouds
 Watching you fall
 Asking me "what am I doing here at all?"
 Eyes on the sun, eventually fall
 Tell me now "what am I doing here at all?"
 Cause I've been watching you fall
 But we knew that it doesn't matter
 You're watching the emeralds shatter
 Day will go on the saturday night
 One more day to get your fellings all right
 Screw you head until you clock in the sun
 Turn your doubts cause you're not havin' fun
 You're watching emeralds shatter
 You're watching emeralds shatter
 And it doesn't even matter
 We've watching emeralds shatter
 Yea, we've been watching emeralds shatter
 Head in the clouds
 Watching you fall
 Asking me "what am I doing here at all?"
 Eyes on the sun, eventually fall

Tell me now "what am I doing here at all?"

Head in the clouds

Watching you fall

Asking me "what am I doing here at all?"

Eyes on the sun, eventually fall

Tell me now "what am I doing here at all?"

I'm watching emeralds shatter.
