Colby O'donis

Hey, yea
Ooo no no
Konvict MusicI know that you be working 9-5 girl
(9-5 girl)
Gotta act professional but you too fly girl
(You too fine girl)
Too fine to be taking shhh from any guys girl
(Any guys girl)
So tell me why do you stay? Yea, yeaBaby you should be
Not breaking your back, working endlessly
You should chase your dreams
You should chase your dreamsAnd baby I should be
The guy that provides all of your needs
I'm behind your dreams
110 you'll see, yeaBaby don't turn back, don't look back
Ya stressed enough, ain't ya love
Don't turn back, don't look back
'Cause I done found a wayBaby don't turn back, don't look back
Visualize kite in the sky, be amazed
That what you think and see, I'll make reality
(Don't don't, don't don't turn back)Oh, ohh, oh
Don't turn back
Don't go, oh
Don't turn back
All I can say
Is just look awayDon't, don't don't don't turn back
Oh, ohh, oh
Don't turn back
Don't go, oh
Don't turn back
All I can say
(Don't turn back)
Is just look away
(Don't don't, don't don't turn back)Now I know ya think I'm crazy
But I'm bout, girl
(I'm about)
The only things that get ya happy
Scratch the frowns, girlThere's a princess in ya phone
Without the crown girl

(Without the crown, girl)
I felt that I had to say, yea, yeaBaby you should be
Not breaking your back, working endlessly
You should chase your dreams
You should chase your dreamsBaby I should be, the guy that provides
All of your needs
I'm behind your dreams
110 you'll see, yeaBaby don't turn back, don't look back
Ya stressed enough, ain't ya love
Don't turn back, don't look back
'Cause I done found a wayBaby don't turn back, don't look back
Visualize kite in the sky, be amazed
That what you think and see, I'll make reality
(Don't don't, don't don't turn back)Oh, ohh, oh
Don't turn back
Don't go, oh
Don't turn back
All I can say
Is just look awayDon't don't, don't don't turn back
Oh, ohh, oh
Don't turn back
Don't go, oh
Don't turn back
All I can say
(Don't turn back)
Is just look away
(Don't don't, don't don't turn back)Babe only, baby only in time you'll see
It's your choice who you wanna be
The reality sets in
You realize that you're freeFree from all the pain and cries
Even things that make you sigh
Ohh, yea(I, I, I got you)
Oh, I got you baby girl
(I got you)
Said I got you baby girl
(I got you)
Hey(Baby you should be)
You should be
(Not breaking ya back, working endlessly)
Hey, you should chase yo dreams
(You should chase yo dreams)
Yea, yea, yea, yea(And baby I should be)
I should be
(The guy that provides all of your needs)
(I'm behind yo dreams)

Hey, all of yo dreams
(110, you'll see)
Baby, babyBaby don't turn back, don't look back
Ya stressed enough, ain't ya love
Don't turn back, don't look back
'Cause I done found a wayBaby don't turn back, don't look back
Visualize kite in the sky, be amazed
That what you think and see, I'll make reality
(Don't don't, don't don't turn back)Oh, ohh, oh
Don't turn back
Don't go, oh
Don't turn back
All I can say
Is just look awayDon't, don't don't don't turn back
Oh, ohh, oh
