Wild

J Dilla

I don't know why
Feel quite like a natural guy
But ever since I was a baby
People calling me crazy
You know I ain't crazy
For, I, oh, I
I got my finger in the pie
Until I took a step back
And looked where I was at
I said I'm not really satisfied
I wanna be wild like I'm supposed to be
Strong and totally free
I want to be wild just like I know I am
Wild just like a natural man
Who was born to be wild
Wild, born wild
Wild the young American style

Together we are strong
My brother said, ?There ain't no heaven
There ain't no orders above us?
Now, I, oh, I
Can get by on a natural high
My high is the strength of my nature
It's a good vibration, now feeling sensation but
I wanna be wild like I'm supposed to be
Strong and totally free
I want to be wild because I know I am
Wild just like a natural man
Just born to be wild like I'm supposed to be
Strong and totally free
I want to be wild because I know I am
Wild like a natural man
