

# Music of the Sun

Lamont Johnson

Listen closely hear the music playing  
And let it take you to places far away  
And relax your senses just do what you want to do  
No need for questions it's only for you  
And it's so amazing  
Oh, how you can't escape it  
The moment takes you  
Never let's you go  
Can't you feel the music in the air  
Close your eyes let the rhythm take you there  
Doesn't matter who you are or where you're from  
Come and dance to the music of the sun  
Forget about your troubles, it's alright  
Let them go till we see the morning light  
Feel the beat as our bodies move as one  
Come and dance to the music of the sun  
Come and dance to the music of the sun the sun  
So real, so right, can't explain the feeling  
Like the sunlight brings to life new meaning  
No need for stress, save that for another day  
No second guessing just trust me when I say  
And it's so amazing  
Oh, how you can't escape it  
The moment takes you  
It never lets you go  
Can't you feel the music in the air  
Close your eyes let the rhythm take you there  
Doesn't matter who you are or where you're from  
Come and dance to the music of the sun  
Forget about your troubles, it's alright  
Let them go till we see the morning light  
Feel the beat as our bodies move as one  
Come and dance to the music of the sun  
Come and dance to the music of the sun  
And it's so amazing  
Oh, how you can't escape it  
The moment takes you  
And never let's you go  
Can't you feel the music in the air

Close your eyes let the rhythm take you there  
Doesn't matter who you are or where you're from  
Come and dance to the music of the sun  
Forget about your troubles, it's alright  
Let them go till we see the morning light  
Feel the beat as our bodies move as one  
Come and dance to the music of the sun  
Come and dance to the music of the sun  
Come and dance to the music of the sun  
Come and dance to the music of the sun  
Come and dance to the music of the sun  
Can't you feel the music in the air  
Close your eyes let the rhythm take you there  
Doesn't matter who you are or where you're from  
Come and dance to the music of the sun
