Come Around

Collie Buddz

A just the sweet, sweet sensi, yuh know
Yeh, I, yeh, I
Nah, nah, nah, nah, now
Finally the herbs come around
The high grade when me a look for me
Get it by the pound, yeah
Sweet sensi a come around
Me a take a little draw and pass it go round, so
Finally the herbs come around
The high grade where man a look for me
Stock it by the pound, yeah
When Babylon a come around
Ask them where them ago search for
Ever since the herbs slow down, police and rude boy
Dem inna showdown, them a search round the compound
Yuh kno, I'ma man a no weed clown
Find a little piece of land and I plant me home grown, so
Tell the youth them nah fit take pill
Too much crack and cocaine
A make the world a feel ill, yuh kno
Nuff ganja, nuff spliff a build
Only thing whe a make man feels chill, whe
(What?)
Me say
Finally the herbs come around
The high grade when me a look for me
Get it by the pound, yeah
When Collie Bud come around
A pure ganja man tune
Just a lick from the sound, yeah
Finally the herbs come around
The high grade what man a look for me
Stock it by the pound, yeah
When Babylon a come around
Ask them whe dem ago search for
There's nothing like the sweet, sweet sensi
The first time me take a draw was in elementary
Reach high school, get the herb it plenty
Like Scare Dem dub for Soul Jah One or Lenky, yeah

Me stash box never empty
The fifty dollar bag we call that half century
Me start me own herb documentary
Bermy man a call that film 4:20, yeah, whe me say
Finally the herbs come around
The high grade whe me a look for me
Get it by the pound, yeah
Sweet sensi a come around
Me a take a little draw and pass it go round, so
Finally the herbs come around
The high grade that man a look for me
Stock it by the pound, yeah
When Babylon a come around
Ask them whe dem ago search for
Nah, nah, nah, nah, now
Yeh, I, yeh, I
Nah, nah, now, yo
When dem ago realize?
Good works man a advertise
When dem a go legalize, yeh
The farmer man a beg a little bligh
When den ago realize?
Government them a terrorize
Corporation dem a capitalize
While the farmer man nuh beg a little bligh, ay, yo
Finally, the herbs come around
The high grade when me a look for me
Get it by the pound, yeah
When Collie Bud come around
A pure ganja man tune just a lick from the sound, yeah
Finally, the herbs come around
The high grade what man a look for me
Stock it by the pound, yeah
When Babylon a come around
Ask them whe dem ago search for?
Yeh, I, yeh, I, come around
