

# This Flight Tonight

[Joni Mitchell](#)

Look out the left the captain said  
The lights down there, that's where we'll land  
I saw a falling star burn up  
Above the Las Vegas sands  
It wasn't the one that you gave to me  
That night down south between the trailers  
Not the early one  
That you can wish upon,  
Not the northern one  
That guides in the sailors Oh star bright, star bright  
You've got the lovin' that I like, all right  
Turn this crazy bird around  
I shouldn't have got on this flight tonight You got the touch so gentle and sweet  
But you've got that look so critical  
Now I can't talk to you baby  
I get so weak  
Sometimes I think love is just mythical  
Up there's a heaven  
Down there's a town  
Blackness everywhere and little lights shine  
Oh, blackness, blackness dragging me down  
Come on light the candle in this poor heart of mine Oh star bright, star bright  
You've got the lovin' that I like, all right  
Turn this crazy bird around  
I shouldn't hove got on this flight tonight I'm drinking sweet champagne  
Got the headphones up high  
Can't numb you out  
Can't drum you out of my mind  
They're playing, Goodbye baby, Baby Goodbye,  
Ooh, ooh, love is blind Up go the flaps, down go the wheels  
I hope you got your heat turned on baby  
I hope they finally fixed your automobile  
I hope it's better when we meet again baby Star bright, star bright  
You got the lovin' that I like, all right  
Turn this crazy bird around  
I shouldn't have got on this flight tonight
