Made Of Steel

Our Lady Peace

I can be anything that you want me to be
A punching bag, a piece of string, oh
That reminds you not to think
I found the note down in your car
And it's not your fault, it gets this hard
Gets this hard
Hold your head high, don't look down
I'm by your side, won't back down
You wanted a hero tonight
Well, I'm not made of steel
I'm not made of steel
But your secret's safe with me
I can be anything that you want me to be
A holy cross, some sympathy, oh
That reminds you not to bleed
I found the note down in your car
And you climbed up here to fall apart
Fall apart
Hold your head high, don't look down
I'm by your side, won't back down
You wanted a hero tonight
Well, I'm not made of steel
I'm not made of steel
But your secret's safe with me
No, your secret's safe with me
They knock you down, I'll pick you up
They laugh at you, I'll shut them up
But I'm not made of steel
But I'm not made of steel
But I'm not made of steel
But your secret's safe with me, yeah
Your secret's safe with me, yeah
Hold your head high, don't look down
I'm by your side, won't back down
You wanted a hero tonight
