

# My One True Love

**Maria McKee**

A river flows with liquid snow, but it's not for me  
Birds fly high in the southern sky, but it's not for me  
Cattle roam in fertile fields, but it's not for me  
Flowers bloom on a lonely highway, but it's not for me  
My one true love I'll never know  
I keep to me  
My one true love I'll never know  
I came to meet the bitter way  
For my one true love  
Mountain's green in the summertime, but it's not for me  
Lovers walk in the falling moonlight, but it's not for me  
Mothers love their sons to death, but it's not for me  
Salesmen feed on Christmas time, but it's not for me  
My one true love I'll never know  
I keep to me  
My one true love I'll never know  
I came to meet the bitter way  
For my one true love  
Fathers cry for fallen sons, but it's not for me  
Good guys in the N16, but it's not for me  
Zero stare at the tv screen, but it's not for me  
Drifters sleep on quiet ?, but it's not for me  
My one true love I'll never know  
I keep to me  
My one true love I'll never have  
I came to meet the bitter way  
For my one true love
