Hard to Love

Harem Scarem

You come on like a sweet child here
Drive me wild when I want you
You giving me a rough time then you
Change your mind then you want me
You come so close, but you never stay
You take my heart and then you walk awayYou're hard to love, but it's hard to let you go
I need you now but I'm afraid of letting you know
It's hard to love and never understand
How it slips right through your handsI wanna say you're mine
But acting like you don't know me
All I need is one night
Just to make it right when you're lonely
I got to know if we can make it lastCan't pretend I don't want you to know
Every touch leaves your mark on me
Little things seem to haunt me now
I can't believe you've become a part of me
