Falling Out Of Love

Sean Lennon

Please just forget me
Never let me into your heart
Cos the one thing i am afraid of
Is falling out of lovePlease i'll forget you
Never let you into my heart
I left you standing
Standing in the dark
It's all falling apartStay away
I'm not myself
No one can help me nowI've lived for the devil
With a head full of devilish things
It only was because
Cos i was so afraid
Of falling out of loveStay away
I'm not myself
No one can help me nowI've lost my way
Don't follow me
I've lost my way
Ohhhhh.
