Cheated

Jimmy Cozier

'Cause if she cheated on him, she could cheat on you
Don't listen to what she say, watch what she do
She's like a thief in the night the way she be creepin' through
An' like the worm in the apple, she gonna eat right through'Cause if she cheated on him, she could cheat on you
Don't listen to what she say, watch what she do
She's like a thief in the night the way she be creepin' through
An' like the worm in the apple, she gonna eat right throughJust because she knows what to say
Doesn't mean that she's trust worthy
Just because she's got a pretty face
Doesn't mean that she's not dirtyAfter all the talk around place
Is that she's got a man in each state
What you gonna say when she starts to creep?
An' you're wonderin' where she's been'Cause if she cheated on him, she could cheat on you
Don't listen to what she say, watch what she do
She's like a thief in the night the way she be creepin' through
An' like the worm in the apple, she gonna eat right through'Cause if she cheated on him, she could cheat on you
Don't listen to what she say, watch what she do
She's like a thief in the night the way she be creepin' through
An' like the worm in the apple, she gonna eat right throughLady cool stop stressin'
'Cause if you're gonna choose, please choose wisely
You're a fool if you really think
You could never play the role of wifey'Cause after all you would
Probably grasp at drinkin' from a dirty glass
Man, if I were you, I wouldn't move to fast
It just might be your last'Cause if she cheated on him, she could cheat on you
Don't listen to what she say, watch what she do
She's like a thief in the night the way she be creepin' through
An' like the worm in the apple, she gonna eat right through'Cause if she cheated on him, she could cheat on you
Don't listen to what she say, watch what she do
She's like a thief in the night the way she be creepin' through
An' like the worm in the apple, she gonna eat right throughI'm just tryin' to let you know
'Cause I've been there before
See you don't need her, she's a man eater
She will eat you to the core, then she'll ask for more'Cause if she cheated on him, she could cheat on you
Don't listen to what she say, watch what she do
She's like a thief in the night the way she be creepin' through
An' like the worm in the apple, she gonna eat right through'Cause if she cheated on him, she could cheat on you
Don't listen to what she say, watch what she do
She's like a thief in the night the way she be creepin' through

An' like the worm in the apple, she gonna eat right through'Cause if she cheated on him, she could cheat on you
Don't listen to what she say, watch what she do
She's like a thief in the night the way she be creepin' through
An' like the worm in the apple, she gonna eat right through'Cause if she cheated on him, she could cheat on you
Don't listen to what she say, watch what she do
She's like a thief in the night the way she be creepin' through
An' like the worm in the apple, she gonna eat right through'Cause if she cheated on him, she could cheat on you
Don't listen to what she say, watch what she do
She's like a thief in the night the way she be creepin' through
An' like the worm in the apple, she gonna eat right through'Cause if she cheated on him, she could cheat on you
Don't listen to what she say, watch what she do
She's like a thief in the night the way she be creepin' through
An' like the worm in the apple, she gonna eat right through
