Asshole

Government Issue

Look at me, I'm in the front lines
I just came to have some fun
I've never seen this band before
I'm not like them, I'm hardcore

Asshole Asshole, look at me
I'm as drugged as I can be
Asshole asshole can't you see
I'm so drugged that I can't see

I think it's cool to punch on them
Wait someone knocked me in the head
Now they're piling on top of me
I was an asshole, now I'm dead
