I Can't Stay

Soulsavers

Even as you talk
I canâ€™t understand a word
Lips they keep on moving
Telling tired tales that have all been heard

So many precious days
And all the parts youâ€™ve played
Youâ€™ve looked so fine
All those days have gone
You tried to get along
Win ? a heart not all the time

I canâ€™t stay with you in me anymore
I feel like my time is running out
I know that much for sure

I canâ€™t stay another day in here with you
I feel like my time is running out
I know that much for sure

Spend your days complaining
Doubt puts only in your head
Turning every page in your book of everything
You should have done instead

So many wasted days
And all the parts youâ€™ve played
Itâ€™s the same old song
Well I guess itâ€™s up to you
I wonder what youâ€™ll do
Donâ€™t take, donâ€™t take too long

I canâ€™t stay with you in here anymore
I feel like my time is running out
I know that much is true (for sure)

I canâ€™t stay for another day in here with you
I feel like my time is running out
I know that much is true (for sure)
