

# Follow You Down

## The Rembrandts

Broken down on this lonesome highway  
Just my luck that you were headed my way

(Together)

We drive off into the night

(Wherever)

Wherever we end up will be alright  
I will follow you down wherever you go  
Through every twist and turn in the road  
I will follow you down wherever you go  
The open air and the stars above us  
There ain't a thing that can come between us

(Remember)

We were strangers yesterday

(Tomorrow)

We could change our lonely ways  
And I will follow you down wherever you go  
Through every twist and turn in the road  
I will follow you down wherever you go  
I will follow you down wherever you go  
I will follow you down wherever you go  
I will follow you down to the end of the road  
I will follow you down to wherever you go  
I will follow you down wherever you go  
Through every twist and turn in the road  
I will follow you down wherever you go  
I will follow you down wherever you go  
I will follow you down wherever you go  
All the way to end of this long running road  
I will follow you down wherever you go

I will follow you down

I will follow you down

I will follow you down
