

# Single Tear

[Tyler James](#)

Can't find the pieces of my broken heart,  
Can't see the light, I'm fading into dark,  
I fake a hurt I go through everyday,  
Like I'm okay, like I'm okay Every moment since you left,  
I swear my bots are turning )  
Every picture in my heart of you  
Just keeps on burning I haven't cried a single tear all year  
All we remember is this September  
Haven't cried a single tear all year  
Gotta confess though, feels like disaster  
The things will never be the same,  
And all the hurt still remains  
Baby, I haven't cried a single tear all year,  
You call me master of a million feels,  
Ain't cried a single tear  
Ain't cried a single tear  
Ain't cried a single tear  
Ain't cried a single tear Living without you,  
Don't know where to start,  
Can't find the will to stonily fall apart,  
Living in a lie I tell myself everyday,  
I'll be okay, I'll be okay  
Plus the loneliness,  
Can't find my way,  
I keep on stalling  
In the emptiness I swear,  
That I still keep you calling.
