

Everybody's Song

Casey Abrams

Pour yourself another cup
Another cup, another cup
And wait, I can't wait foreverLive your life
A stupid life, a stupid life, a stupid life
It's a game, nobody does it betterBreaking everybody's heart
Taking everyone apart
Breaking everybody's heart
Singing everybody's songAll your dreams are waking up
Are waking up, are waking up
In space, you can't sleep foreverEvery day you torture us
You torture us, you torture us
And say, Nothing stays togetherBreaking everybody's heart
Taking everyone apart
Breaking everybody's heart
Singing everybody's song[Incomprehensible]
The angry son
The angry oneBreaking everybody's heart
Taking everyone apart
Breaking everybody's heart
Singing everybody's song
