

# Roustabout

## Beats Antique

I close my eyes  
Close the door  
I won't worry anymore  
I've been waiting for you  
Every day and every night

Cut the light  
Let it fade  
I don't wanna be afraid  
I've been waiting for you

Tonight it is right  
Stars shine bright  
I just really wanna be with you  
I celebrate, pray for the day  
When all my wishes will be coming true

My heart beats like a drum, like a drum  
Dam dam dam, dam dam dam  
And my feet step the beat like a drum  
Dam dam dam, dam dam dam

My heart beats like a drum, like a drum  
Dam dam dam, dam dam dam  
And my feet step the beat like a drum  
Dam dam dam, dam dam dam

I think of you everyday  
I've been waiting for a call  
Just the sound of your voice  
Anytime and anyway

Dream of you  
Since that day  
When I saw you  
The first time  
At the Hard Rock Cafe

Tonight it is right  
Stars shine bright

I just really wanna be with you  
I celebrate, pray for the day  
When all my wishes will be coming true

My heart beats like a drum, like a drum  
Dam dam dam, dam dam dam  
And my feet step the beat like a drum  
Dam dam dam, dam dam dam

My heart beats like a drum, like a drum  
Dam dam dam, dam dam dam  
And my feet step the beat like a drum  
Dam dam dam, dam dam dam

I close my eyes  
Close the door  
I won't worry anymore  
I've been waiting for you

And my feet steps the beat, baby

My heart beats like a drum, like a drum  
Dam dam dam, dam dam dam  
And my feet step the beat like a drum  
Dam dam dam, dam dam dam

My heart beats like a drum, like a drum  
Dam dam dam, dam dam dam  
And my feet step the beat like a drum  
Dam dam dam, dam dam dam
