

It Gets Cold (Acoustic)

Eliza And The Bear

I've been wearing these clothes on my back since I grew old
When outside my window lay thousands of stones
I can't take any one of the home 'cause I got to leave this all behind
I've been walking the floors of this house, its secret call
The creaking doors, the windows and walls
And I can't swim through river's flow 'cause I got too much water to fight
It Gets Cold in the night
I'm on my way, I'm on my way back home
It Gets Cold in the night
I'm on my way, I'm on my way back home
To the places I already know
When I crashed out my boat and it sank into the sea
The waters filled it, they surrounded me
I'm spinning in circles and I can't see 'cause my God, it gets cold tonight
It Gets Cold in the night
I'm on my way, I'm on my way back home
To the places I already know
My God, it gets cold in the night
I kept walking till I found some light
My God, it gets cold in the night
I kept walking till I found some light
My God, it gets cold in the night
I kept walking till I found some light
I kept walking till I found some light
