

# You Make Me Wanna

## Dead or Alive

I'm like a dog-dog-a-doggy that is on heat  
And I been howlin' out loud for some black meat  
And while you're out there waitin'  
I'm doin' the chasin'  
Don't like it, like it Am I bark-bark-a-barkin' up the wrong tree?  
It should be you for you and me for me  
We should both get together  
In somebody's bedroom  
And make it, make it You know you make me wanna groove, yeah  
Groove, yeah, groove yeah, grove yeah, yeah yeah yeah I been hanging around, around your street  
And I've been checkin' every body out to get to me  
And while you're out there makin'  
The love that you're makin'  
I'm schemin', dreamin' And if I call you up upon your telephone  
Somebody answers and they tell that you're never home  
Well I might as well say it, I'm getting frustrated  
Can't take it, take it You know you make me wanna groove, yeah  
Groove, yeah, groove yeah, grove yeah, yeah yeah yeah You know I'm anticipating  
And you don't care, I'm sick and tired of waiting  
'Coz you're in and you're out always messing about  
Gotta stop it, stop it I know, just what you're doing 'coz you're out there  
With somebody new always in and you're out  
Well, you're hurting my voice  
So get movin', movin' You know you make me wanna groove, yeah  
Groove, yeah, groove yeah, grove yeah, yeah yeah yeah Well, I'm like a dog-dog-a-doggy that is on heat  
And I been howlin' out loud for some black meat  
And while you're out there waitin'  
I'm doin' the chasin'  
Don't like it, like it Am I bark-bark-a-barkin' up the wrong tree?  
It should be you for me and me for me  
We should both get together  
In somebody's bedroom  
And make it, make it You know you make me wanna groove, yeah  
Groove, yeah, groove yeah, grove yeah, yeah yeah yeah
