

# Here We Go Again

DMX

Same old shit dog, just a different day  
You know how niggaz do, when we play, how we play  
A man's gotta do what a man's gotta do  
If it's fuck me nigga, you know it's fuck you I kick it to shorty to try to help him understand  
Hit him with work, 'cause yo, that's my little man  
He asked a few questions 'bout the game and I told him  
So when he made a bad move it was my place to scold him Never told him nothin' wrong, kept it fair  
Didn't listen, so I might as well have been talkin' to the air  
Everybody makes mistakes, a mistake is aight  
But if it ain't, I'ma tell you straight, time to say, "Goodnight" Nobody likes to be played regardless of the  
relationship  
But shorty's fuckin' up big time, I hate this shit  
I'm caught in the middle of havin' love for a lil nigga  
Knowin' what's expected of me as a real nigga My next move is crucial, what do I do?  
How do I keep it real with shorty in my crew?  
Didn't want to kill him so instead of puttin' the Mac on him  
I did the only thing I could do, turn my back on him Here we go again  
Same old shit dog, just a different day  
Here we go again  
You know how niggaz do, when we play, how we play  
Here we go again  
A man's gotta do what a man's gotta do  
Here we go again  
So if it's fuck me nigga, then you know it's fuck you Niggaz that I fuck wit, wanna get him dead  
But I'm cool with shorty's peoples, so I let him live  
Under normal circumstances, he would be a marked man  
But I hit him with a grand, just didn't shake his hand Go about your business, do what you gonna do  
Be what you gon' be, I wash my hands, I'm through  
I can forgive, I just can't forget  
You're on your own lil' man don't ask me for shit If you paid attention to what I taught you then you good  
If I see you again, get it, understood?  
Go 'head before I change my mind 'cause you know you should be dead  
I just wanted to say, "Aight, go ahead!" Instinct told me to kill him but the savior is  
I'm a good nigga, plus I owed his peeps a favor  
But I also knew the decision I just made  
Went against the rules of the game that we played Here we go again  
Same old shit dog, just a different day  
Here we go again  
You know how niggaz do, when we play, how we play

Here we go again  
A man's gotta do what a man's gotta do  
Here we go again  
So if it's fuck me nigga, then you know it's fuck you I should have followed my first instinct 'cause I knew  
Sometimes you gotta do what you gotta do  
Now this nigga's fuckin' with the competition  
Ungrateful motherfucker, shoulda got him missin' This nigga got the nerve to take my kindness for a weakness  
Gotsta get back on some street shit so I can creep this  
Rat, when I act, take one, set him up, to take two  
Get him there, take three, get him done Wasn't hard for me to get him where I wanted him, confronted him  
Bzt, click!, There was a bullet in one of them  
Feelin lucky?, Click looks like you are  
Click, click, click, luck ain't goin' too far What you did was put on another pair of shoes  
And they just happened to be too big  
What you did was stupid, real fuckin' stupid  
Well shorty I gave you a chance and what did you do?  
Threw it back in my fuckin' face so fuck you too Here we go again  
Same old shit dog, just a different day  
Here we go again  
You know how niggaz do, when we play, how we play  
Here we go again  
A man's gotta do what a man's gotta do  
Here we go again  
So if it's fuck me nigga, then you know it's fuck you Here we go again  
Same old shit dog, just a different day  
Here we go again  
You know how niggaz do, when we play, how we play  
Here we go again  
A man's gotta do what a man's gotta do  
Here we go again  
So if it's fuck me nigga, then you know it's fuck you
