

Feeling the Night (feat. Becky Jean Williams)

Kaskade

One heart and all I really
One move and I'm feeling
Nothing could be more right
I sure love feeling the night One heart and all I really
One move and I'm feeling
Nothing could be more right
I sure love feeling the night I sure love feeling the night
I sure love feeling the night One heart and all I really
One move and I'm feeling
Nothing could be more right
I sure love feeling the night One heart and all I really
One move and I'm feeling
Nothing could be more right
I sure love feeling the night One heart and all I really
One move and I'm feeling
Nothing could be more right
I sure love feeling the night I sure love feeling the night
