

Hornbeam

Neneh Cherry

Sporting hot jeans
[Incomprehensible]Hard black soil called the chernozem
Driving uptown with some per diems
Won't somebody check the hem
Falling down this dress againSporting hot jeans on the butt again
Got to get home before the mayhem
Won't somebody check the tide
Before we run and hide againGot a hornbeam growing in the garden
Always climbing the tree is the morphine
Got a view of the love and I'm chillin'
Got a view of the hem of the horizonStole the wheel off a car called a Porsche
While I was chewing the fat that disturbs me
It's always there because
We play the game the way we areI got a view on outer space paparazzi
It's always there 'cause I know that they watch me
I bathe away in darkness
All because I'm paranoidI got a hornbeam growing in the garden
Always climbing the tree is the morphine
Got a view of the love and I'm chillin'
Got a view of the hem of the horizonWon't you
(Unbutton my stuff)
Won't you
(Come and zip me up)
Won't you
(Unbutton my stuff)
Won't you
(Come and zip me up)Chauvinistic femme come arousing
Got a groove in the hem of your hygiene
Won't somebody break my boundary
Leave that femme for another dayI like a brain and I like my bimbo
I like 'em vain let 'em lick my limbo
The boldest kiss the mayhem
Slipping down the watersideMum and dad are feeling kind of hurt
To get me back they got to get me first
Am I guilty quench my thirst
Spill my wine and French, I quimGot a hornbeam growing in the garden
Always climbing the tree is the morphine
Got a view of the love and I'm chillin'
Got a view of the hem of the horizonWon't you

(Unbutton my stuff)
Won't you
(Come and zip me up)
Won't you
(Unbutton my stuff)
Won't you
(Come and zip me up) Won't you
(Unbutton my stuff)
Won't you
(Come and zip me up)
Won't you
(Unbutton my stuff)
Won't you
(Come and zip me up) Won't you
(Unbutton my stuff)
Won't you
(Come and zip me up)
Won't you
(Unbutton my stuff)
Won't you
(Come and zip me up)
