

# "Dangerous (feat. Joywave)"

## Big Data

How could you know, how could you know?  
That those were my eyes  
Peepin' through the floor, it's like they know  
It's like they know I'm looking from the outside  
And creeping to the door, it's like they know And now they coming, yeah, now they coming  
Out from the shadows  
To take me to the club because they know  
That I shut this down, 'cause they been watching all my windows  
They gathered up the wall and listening  
You understand, they got a plan for us  
I bet you didn't know that I was dangerous  
It must be fate, I found a place for us  
I bet you didn't know someone could love you this much How could they know, how could they know  
What I've been thinking?  
But they're right inside my head because they know  
Because they know, what I've been hidin'  
They're right under my bed, they're in control Here they come, yeah here they come  
Out of the shadows  
To take me to the club because they know  
That I shut this down, 'cause they been watching all my windows  
They gathered up the wall and 'cause they  
I've gotta get out of here  
Sink down, into the dark  
Keep on running  
And I've gotta get out of here (keep on running)  
Sink down, into the dark You understand, they got a plan for us  
I bet you didn't know that I was dangerous  
It must be fate, I found a place for us  
I bet you didn't know someone could love you this much Nobody's listening when we're alone  
Nobody's listening, there's nobody listening,  
No one can hear us when we're alone  
No one can hear us, no, no one can hear us  
And I've gotta get out of here  
Sink down, into the dark  
Keep on running  
I've gotta get out of here (Keep on running)  
Sink down, into the dark  
You understand, they got a plan for us  
I bet you didn't know that I was dangerous

It must be fate, I found a place for us  
I bet you didn't know someone could love you this much
