

Do What

Squirrel Nut Zippers

"Say what?"
That's what my baby said to me
"Say what?"
That's what my baby said to me When I ask her, "Do you love me?"
All she ever says is, "Say what?" "Do what?"
That's what my baby said to me
"Now, do what?"
That's what my baby said to me When I ask her, "Do you love me?"
All she ever says is, "Do what?" "Do what?"
That's what my baby said to me
"Now, do what?"
That's what my baby said to me When I ask her, "Do you love me?"
All she ever says is, "Do what?" Now, do what?
Now, do what?
Now, do what?
Now, do what? You want me to do what?
