

Strong Hand

Britt Warren

Remember the time, I needed more than loving
The reassurance that someone cared for me
You gave completely, with no conditions added
I'm standing by you for your time of need, you will see

Lean on me

I'm your strong hand

I'm your strong hand

Lean on me

I'm your strong hand

I'm your strong hand

Let me enfold you, in love that feels familiar

I see you're hurting, I'll take your pain away

Rivers of sorrow flow only for a season

Into the sea of tranquility, you will see

Lean on me

I'm your strong hand

I'm your strong hand

Lean on me

I'm your strong hand

I'm your strong hand

Ah yeah, lean on me

You will see you're in my safety zone

You know

That my hand is strong

Lean on me

You will see you're in my safety zone

(You know)

That my hand is strong

You, you can lean

Yes you can

You can lean, ooh ooh

Lean on me

I'm your strong hand

I'm your strong hand

Lean on me

I'm your strong hand

I'm your strong hand

Lean on me

I'm your strong hand
I'm your strong hand
Lean on me
I'm your strong hand
I'm your strong hand
