

Tears for You

Mark Morrison featuring Mica Paris

Heartaches, you know my heartaches
Every time I think of you
Lonesome, I'm on my own some
Yes, I could loan some, tears to you
Daybreak, another daybreak
And I wonder how I got through
You know sleepin', I'm only sleepin'
In between my weepin', tears for you
You know that one night
One night can be such a long long long night
At midnight
I know all the stars by name
But it's alright
I'll get myself together
Nothin' lasts forever
I'll just play another game
Because mistakes, everyone makes mistakes
Can one kiss make dreams come true
Nice try, I'll just say goodbye
Let someone else cry, tears for you
Tears for you
Tears for you
Tears for you
Tears for you
