

Badunkadunk

Brooke Valentine

[V.1]

You need the kinda girl that can make ya boys go crazy
That dont wont no child support just wanna have your baby

You need the kinda girl that'll rock your world

Put it in your face drop it like a 94

Lift it up pop it

Crack it like a squirrel

[pause]

Yall need the kinda man that can turn a girl to a lady
You put it on me so good had me think'n i was in the matrix

You need the kind that be get'n in them streets

Kinda fo that hate it if you may sweat his peace
down fo a girl and hes make'n cheese

{Chores}

Boys like the girl with the junk in the trunk

Girl like the boys with the junk in the front

Boys like the girls with badunkadunks

Girls like the boys with badunkadunks
