

Someday

Flipsyde

[Chorus]

Someday we gonna rise up on that wind you know
Someday we gonna dance with those lions
Someday we gonna break free from these chains and keep on flyin'

[Verse 1]They tellin' me it's all good just wait

You know you're gonna be there someday

Sippin' on Jim Beam ok

Gotta get these things one day

Till then do another line you know

Searching for that other high

Stop or I gotta steal then steal

Kill or I'm gonna be killed

I got a sack in my pocket

Conscious yellin' drop it

You know we're gonna lose it someday

And we tryin' to hold it all together but the devil is too clever so

I'm gonna die you gonna die we gonna die Someday one day I said

[Chorus]

Someday we gonna rise up on the wind you know

Someday we gonna dance with those lions

Someday we gonna break free from these chains and keep on flyin'

[Verse 2]Try to lie but it ain't me Ain't me

Try to look but I can't see

Can't stop right now cause I'm too far and I can't keep goin' cause it's too hard

In the day in the night it's the same thing

On the field on the block it's the same game

On the real if you stop then it's no pain but if you can't feel pain then it's no gain

Rearrange and you change and it's all bad and you try to maintain but you fall back

And you crawl and you slip and you slide down

Wanna make it to the top better start now

So I hold my soul and I die hard

All alone in the night in the graveyard

Someday one day I'm gonna be free and they won't try to kill me for being me

Hey, someday

[Chorus]

Someday we gonna rise up on that wind you know

Someday we gonna dance with those lions

Someday we gonna break free from these chains and keep on flyin'

If you know how this is
Gonna see it's not that easy
Don't stop get it till it's done
From where you are or have begun
I said keep on try a little harder to see everything you need to be
Believe in your dreams
That you see when you're asleep

[Chorus]

Someday we gonna rise up on that wind you know
Someday we gonna dance with those lions
Someday we gonna break free from these chains and keep on flyin
[Dies out]keep on flyin'
