

# Do You Love An Apple

## Inchequin

Do you love an apple?  
Do you love a pear?  
Do you love a laddy  
With curly brown hair?  
Why, yes, I love him  
I'll never deny him  
I'll always love him  
Till the day that I die  
Before I got married  
I wore a black shall  
But after I married  
I wore bugger-all  
But still I love him  
I'll never deny him  
I'll always love him  
Till the day that I die  
He stands on the corner  
A fag in his mouth  
His hands in his pockets  
He whistles me out  
But still I love him  
I'll never deny him  
I'll always love him  
Till the day that I die  
Do you love an apple?  
Do you love a pear?  
Do you love a laddy  
With curly brown hair?  
Why, yes, I love him  
I'll never deny him  
I'll always love him  
Till the day that I die
