Dont Let Me Go

US5

I don't care about where you may be or stay
It don't matter how long you'll stay
I don't care as long as you're here with me
And I don't care about them and the games they play
All they want is to see us fail
What I'd give to have you here tonightI just can't think about it
They wanna make us doubted
Why do they always have to tear us down
There's just no doubt about it
We give a damn about it
Don't want the story to endDon't let me go ohohohoh ohohohoh
Don't let me lose all that I ever had
Don't let me go ohohohoh ohohohoh
Beggin' you please... girl I'm down on my kneesI don't care what they say, when they look our way
They don't know how we've got in pain
I don't care as long as you're by my side
I don't care if I lose everything I own
I could never survive all alone
There's no mean without you in my lifeOhohohoh ohohohoh
Don't let me goWhen I lay myself to sleep at night
All I think about is you
And your voice is pounded In my head
Heal the fear that we're throughDon't let me go
