

# See the World

## Johnny Orlando

I used to sit and wait around  
Looking for a something  
Not really sure how to feel  
Cause I was filled with nothing  
But then I looked around to see  
This beautiful world  
Sometimes to understand  
You got see what you're missing out So keep your head up be free  
There's no looking back  
Think bright and you'll see the past is the  
Past  
This life is yours  
Speak up be heard  
Cause tonight  
You're gonna see the world I used to waste my life away  
Until I saw it in color  
But now I live each day  
Like there won't be another  
This life is great  
So don't be afraid to do  
Anything and everything you want to So keep your head up  
Be free  
There's no looking back  
Think bright and you'll see  
The past is the past  
This life is yours  
Speak up be heard  
Cause tonight  
You're gonna see the world Now let me see that smile  
On your face now come on, come on  
Come on before today, yeah  
We're all unique and special  
In our ways oh today, today  
Today you're gonna see the world So keep your head up be free  
There's not looking back  
Think bright and you'll see  
The past is the past  
This life is yours  
Speak up be heard

Cause tonight  
You're gonna see the world
