Balloons

MandoPony

Verse 1:
So many years
So many dark memories
So many fears
We've now put to easePain makes you do
Things you never you could do
Is this all real
Or just deja-vuPre-Chorus:
But now the party's over
Now the guest are gone
It's already past our bedtimes
It's already almost dawnChorus:
Just like balloons
We soar on our own
Finally free
From the pain of our home
And just like balloons
That no one will hold
Free from the truth
That no one will knowVerse 2:
Just little children
Not at all strange
Until the lights went out
And everything changeAlone and afraid
For oh all so long
Wondering what did we do wrongPre-Chorus:
Cause now the party's over
And everyone is red
I feel sick to my stomach
Or am I sick in the headChorus:
Just like balloons
We soar on our own
Finally free
From the pain of our home
And just like balloons
That no one will hold
Free from the truth
That no one will holdNo one will know
No one will knowBridge:

All of the pain
Far in the past
Yet echoes of screams
Forever will lastChorus:
Just like balloons
We soar on our own
Finally free
From the pain of our home
And just lime balloons
That no one will hold
Free from the truth
That no one will know
