Rider On the Wheel

Nick Drake

And now you know my name
But I don't feel the same
But I ain't gonna blame
The rider on the wheelAnd I know my song is new
I know it's new for you
I tell you, how it's true
For the rider on the wheelAnd round and round we go
We take it, fast and slow
I must keep up a show
For the rider on the wheel
For the rider on the wheelKnow my name
But I don't feel the same
But I ain't gonna blame
The rider on the wheel
The rider on the wheel
