

The Loudest Sound (LP Version)

The Cure

Side by side in silence
They pass away the day
So comfortable, so habitual
And so nothing left to say Nothing left to say [Repeat: x1] Side by side in silence
His thoughts echo round
He looks up at the sky
She looks down at the ground Stares down at the ground [Repeat: x1] Side by side in silence
They wish for different worlds
She dreams him as a boy
And he loves her as a girl Loves her as a girl And side by side in silence
Without a single word It's the loudest sound [Repeat: x1] It's the loudest sound I ever heard
