

Yeah Boy

[Kelsea Ballerini](#)

Captured my attention, make my heart stop and listen
When you look my way
Blue jeans and a ball cap, thinking that you're all that
And I'm thinking the same You got that something in your eyes, I think about it all the same
If you ever wonder if I wanna make you mine Yeah, boy
I'm digging what you're doing
Yeah, boy
I'm trying to keep it cool
But you're making it hard, I'm wishing your arms
Were wrapping me up tight
Yeah, boy
You shine and you can't even help it
Yeah, boy
Your eyes could make the moon jealous
And if you wanna know if I wanna be your girl tonight
Yeah, boy Every song that's playing gets me thinking about you, baby
And the way you roll
So let's put down the drop top, burn a little blacktop
Off of that road Baby, what we waiting on?
The stars are out, the night is young
If you wanna know if I wanna go and get gone Yeah, boy
I'm digging what you're doing
Yeah, boy
I'm trying to keep it cool
But you're making it hard, I'm wishing your arms
Were wrapping me up tight
Yeah, boy
You shine and you can't even help it
Yeah, boy
Your eyes could make the moon jealous
And if you wanna know if I wanna be your girl tonight
Yeah, boy Yeah, boy
I wanna take a little ride with you
Yeah, boy
I wanna spend a little time with you
Yeah, boy
I wanna sip a little wine with you, oh Yeah, boy
I wanna take a little ride with you
Yeah, boy

I wanna spend a little time with you
Yeah, boy
I wanna sip a little wine with you, oh Yeah, boy
I'm digging what you're doing
Yeah, boy
I'm trying to keep it cool
But you're making it hard, I'm wishing your arms
Were wrapping me up tight
Yeah, boy
You shine and you can't even help it
Yeah, boy
Your eyes could make the moon jealous
And if you wanna know if I wanna be your girl tonight, yeah
Yeah, boy Yeah, boy Yeah, boy
I wanna take a little ride with you
Yeah, boy
I wanna spend a little time with you
Yeah, boy
I wanna sip a little wine with you, oh Yeah, boy
I wanna take a little ride with you
Yeah, boy
I wanna spend a little time with you
Yeah, boy
I wanna sip a little wine with you, oh Yeah, boy
