

Special Delivery

Bottom Feeders

You got that special smile
You drive me crazy you drive me wild
Don't even know my name
My blood is boilin my soul's a flame

You got to put out the fire
Squeeze me mamma I'm filled with desire
Take me as I am
Take me make me feel like a man

No need to beg or borrow
I got somethin for you

Special delivery
It's burnin inside of me
Not for the world to see
You got to give it to Stevie

You got that heart of gold
Squeeze me mamma I'm losin control
Some say that I'm a fool
But they don't want you like I do

You got to put out the fire
Squeeze me mamma I'm filled with desire
Take me as I am
Take me make me feel like a man

No need to beg or borrow
I got somethin for you

Special delivery
It's burnin inside of me
Not for the world to see
You got to give it to me

Special delivery
Special delivery mamma
You got to give it to me hey yeah
You got to give it to me baby

You got to give it to me
You got to give it to me baby
You got to give it up
