

# The More I Try

Kandi

I try to be happy, boy  
Since you've found love elsewhere  
I try to move on and pretend like I don't care  
I try to get you out of my head, baby, boy, I swear  
But the more I try  
The more I die inside  
I try to not look when I see you out hanging with her  
I try to be cool as if seeing y'all don't hurts  
I try to pick a smile but sometimes that don't work  
'Cause the more I try  
The more I die inside  
I try to keep doing like everything is still all good  
I try to stop myself from drivin' by your neighborhood  
And I try to through away all your letters  
But I just can't do  
'Cause the more I try  
The more I die inside  
La, la, la, la  
The more I try  
La, la, la, la  
The more I try  
La, la, la, la, la, la  
The more I try  
The more I try  
The more I try  
The more I die inside  
I try to change the radio every time I hear our song  
I try to erase your number off the cellphone  
I try to still be your friend but I ain't that strong  
'Cause the more I try  
The more I die inside  
I walked away from you  
But somehow you still have my heart  
And even though we've grown apart  
How I wish I could be were you are  
I've tried, I've tried, I've tried  
I've tried to get you out of my mind  
But it seems the more I try  
The more I die, die  
I try, I try, I try  
To get you out of my mind  
Oh I miss you, boy, I miss you  
But the more I try  
The more I die inside  
I try to tell myself that I should let your memory go  
I try not to reminisce about you and just give a poke  
I try to keep pretending  
That I am really happy for you both  
But the more I try  
The more I die inside
