

I Can Do Anything

Advisory - the following lyrics contain explicit language:

We can do an album or we can do it viral
Spread it like an STD you got back in high school
I could run for president or just run the block
I could be a stoner or shit, I forgot I could be an athlete, I could be a New York cabbie
I could be your boyfriend in the backseat
Pass me a beer or a bottle of gin
And shit, I could be your best friend I ain't gonna take no shit from no one
I ain't gonna take no lip from no one
You ain't gonna try to get me to hold on
It's golden now, why would I slow down? I can do anything, anything, anything I want
Anything, anything, anything I want
Anything, anything, anything I want
It's golden now, why would I slow down? I could be your dad, actually, I probably am
I could drive a Ferrari or be fixing the Trans-Am
I could write bad checks, I could smoke cigarettes
I could be valedictorian, having no sex I could smell the roses or watch as it decomposes
I could be one of those models shoving coke up their noses
I could live in the streets or I can rot in a mansion
I can live off the beats, so I can die from the dancing I ain't gonna take no shit from no one
I ain't gonna take no lip from no one
You ain't gonna try to get me to hold on
It's golden now, why would I slow down? I can do anything, anything, anything I want
Anything, anything, anything I want
Anything, anything, anything I want
It's golden now, why would I slow down? Slow down, slow down
Slow down, down 'Cause I can do anything, anything, anything I want
Anything, anything, anything I want
We won't ever stop, we won't ever stop
'Cause I can do anything, anything I want I ain't gonna take no shit from no one
I ain't gonna take no lip from no one
You ain't gonna try to get me to hold on
It's golden now, why would I slow down? I can do anything, anything, anything I want

Anything, anything, anything I want
Anything, anything, anything I want
It's golden now, why would I slow down? I ain't gonna take no shit from no one
I ain't gonna take no lip from no one
You ain't gonna try to get me to hold on
It's golden now, why would I slow down? I can do anything, anything, anything I want
Anything, anything, anything I want
Anything, anything, anything I want
It's golden now, why would I slow down?
