

I Want You to Rock Me

Vixen

It was Saturday night, I was feeling alright
I had nothing to lose
I threw the top down, then pulled into town
I had no time for the blues When I pulled up, they were plugging it in
I was looking to find a seat
I met this guy, had a look in his eye
I swear he was saying to me I want you to rock me, roll me
You won't get lonely
Come on and rock me, roll me
You oughta get to know me When he grabbed his coat, he slipped me a note
Said, "What are we waiting for?"
Well guy, I'm sorry, we fooled around
I was looking for something more Oh, and he was shy, saying goodbye
He said, "Really I'll give you a call
Do I have to explain you're driving me insane
I'll tell you what I want you to do" I want you to rock me, roll me
Learn to control me
Rock me, roll me
You really oughta get to know me Come on rock me, roll me
I'm feeling kinda lonely
I want you to rock me, roll me
Quit talking and show me Rock me
Rock me
Rock me
Rock me Now it's your turn I'm gonna rock you, roll you
Do all the things I told you
I'm gonna rock you, roll you
Sit down and I'll show you Rock me, roll me
Rock me, roll me
I want you to rock me
Rock me, roll me
I wanna roll you
Rock me, roll me
