

Carried Away

The Willis Clan

Donâ€™t know what Iâ€™ve been doing lately
But itâ€™s time that I figured out
â€˜cause Iâ€™m starting to think that maybe
You could be what this is all about
Though Iâ€™m trying to keep my center
And keep all my goals in view
Iâ€™m caught up in this sense of wonder
Captured at the thought of you

I get carried away
Itâ€™s so easy to stray
Seems like everyday
I canâ€™t get enough
Of what you do, what you say
Keeps me wishing this way
I get carried away
All the time

Well, itâ€™s starting to be an issue
â€˜cause the more that I look I find
All the world could be gone around me
But I canâ€™t get you off my mind
Itâ€™s so hard to be realistic
When you happen to be so near
I donâ€™t want to mess up our friendship
If there isnâ€™t something deeper here

Why canâ€™t reality
Be made of you and me
It canâ€™t be that hard to see
I know weâ€™re meant to be
Thatâ€™s my guarantee
Hoping someday youâ€™ll agree

So, Iâ€™m gathering up my courage
â€˜cause I gotta come clean tonight
I canâ€™t take one more day not knowing
Just tell me if Iâ€™m wrong or right
