

Squat 4 Me (feat. Novaking)

Epidemic

[Novaking]Somebody get the driver
cuz I aint passing no breathalyzer
soon as I sat beside her
she said she go to crossfit every night
well, we gon' exercise[Chorus]Do a squat for me
Make it drop for me
Do a squat for me
Baby 123
Do a squat for me
Make it drop for me
Do a squat for me
Do a squat for me
Make it drop for me
baby 123
Make it drop for me
baby 123[Epidemic]chain hang long like a chalandier
never been a cavalier,
i got a couple bad bitches on deck and some patron
and we blowin ozone in the atmosphere
mami sit here, lookin at me fascinated
let me get you acclimated, i got a chevy '69
call that bitch al qaeda, why? cuz the roof was decapitated
its goodnight
Taliban blades underneath the seats
cleaner than the teeth in my Jesus piece
i see animal control every week
tellin me these crocodile shoes need a leash, sheesh
make her get low for the cash
always on the pole she tippy-toeing on the cash
made it rain so hard the week before last
next time i come back imma need a raft
rookie of the year didnt even need a draft
do i wanna dance you aint even have to ask
cuz my paint so wet chevy never need a bath
and my chain so thick nigga neck need a cast, damn
she like a professional, dancing on my lap and looking sexual
look baby if you lookin for the X and O's
you gotta show me that you flexible, and do a squat for me.[chorus][bridge]Do a squat for me(DROP) [x3]
make it drop for me(DROP)[chorus]
